

4000 SERIES STAND-UP COUNTERBALANCED TRUCKS

(4150/4250)

Flexible, reliable, and maneuverable, Raymond stand-up counterbalanced trucks are ideal for a broad array of applications—from dock to stock—throughout the warehouse. Designed to work alone or with other systems as part of a total material handling solution, 4000 Series stand-up counterbalanced trucks offer the features, options and capabilities to deliver exactly the level of performance you need to get the most out of your forklifts, operators and budget.

- + **Versatility:** Dockstance compartment allows operators to travel in either direction without changing position for greater speed and efficiency.
- + **Maintainability:** Smart, rugged engineering requires less scheduled maintenance than competitor trucks for superior uptime.
- + **Productivity:** Industry-leading acceleration, travel and lift/lower speeds help operators can get more done in less time.
- + **Visibility:** Angled front cover, open and clear view mast, and overhead guard enhances visibility in all directions, providing a clear line of sight to the forks for faster, simpler load engagement.
