EVOLUTION™

CHOOSE THE FEATURES THAT ARE RIGHT FOR YOUR BUSINESS

FLEET AND ASSET MANAGEMENT | **iTRACK®**

SERVICE DISPATCH

Instantly request service—from any provider—from the web portal

DEDICATED FLEET ANALYST

Experienced source of support to help you fully leverage the system

CONSOLIDATED INVOICING

Simplify and reduce the cost of administration and ensure billing accuracy

REPORTING & ANALYTICS

More than 20 standard reports on assets, cost, CFPM, maintenance, dispatch and trends. Customer specific and individualized reports/ KPI's are available as well

FLEET UTILIZATION

iTRACK data provides information to assess vehicle utilization and determine which assets to repair, replace, reallocate or remove

OPERATOR AND FLEET MANAGEMENT | **ESSENTIAL**

ACCESS CONTROL

Automate vehicle access and ensure that authorized and certified operators have access to the right vehicle

IMPACT MANAGEMENT

Immediate impact alerts provide critical information via SMS or email message

EQUIPMENT & OPERATOR UTILIZATION

Track total fleet and operator performance with utilization metrics

ELECTRONIC CHECKLISTS

Electronic, pre-shift checklists are recorded and stored to meet regulatory requirements

CELLULAR DATA COMMUNICATION

Reduce implementation time and minimize IT involvement due to not using your existing wireless network

WAREHOUSE OPTIMIZATION | **ENTERPRISE**

LOAD SENSING

Visibility into productive hours when your operators are carrying a load versus traveling with empty forks

TASK SELECTION

Track jobs performed on and off the truck

Optimize labor efficiency by tracking times associated with activities and tasks by operator to identify opportunities to improve productivity

PROFESSIONAL SERVICES

Get the most out of your data with a dedicated group of experts who provide custom solutions to help you make the most of iWAREHOUSE

LABOR MANAGEMENT

Integrate your existing labor management system (LMS) or one of our scalable LMS offerings for greater visibility into employee productivity and operational costs
